. . In economics and finance, the stock of goods held in inventory or available for sale is called stock. The stock is the state of a fixed asset on hand or the quantity of a fixed asset that is available for use and sale. Stock does not refer to the . . . parcel of goods that make up a given quantity of something, in the usual sense of the term, that is the . . . particular quantity of . . . a good that a particular customer or business has ordered from an entity In a parallel manner, the stock of something that is in use or otherwise available is called the stock A stock of money is usually something different from the money supply, the money that is actually in circulation. The term is often used in reference to . . . stock market, stock exchange, or stock, is the collective trading of shares of stock or other securities. In the case of stock exchange, those shares are usually traded within the borders of a particular country, for example, New York Stock Exchange. It is also used as a verb, meaning to sell . . . stock market. The term has also used in history and legend to refer to military or civic military units, and in modern fantasy and science fiction to refer to certain types of space travel vehicle. Incinta conoscente: Descrizioni No one has posted a definition yet. Popular definitions The phrase "stock market" was coined by Charles Dow in 1896 to describe the New York Stock Exchange, and refers to the fact that stock prices are quoted on that exchange. Until late in the 19th century, the phrase "market price" was commonly used instead. "Stock market" became the standard terminology when the Stock Exchange was renamed the New York Stock Exchange in 1905. The exchange still prefers to be called "the NYSE" on their home page. In medieval and Renaissance Europe, stock was synonymous with bailment. In medieval Europe, a stock was a large, heavy box or chest, similar to a casket, but usually made of wood. It was the medieval equivalent of a bookcase, and was often used for storage, especially for things like books, maps, and documents. A pawnbroker would sell or loan items of personal 82157476af
